ISSN: 2772-2716 (Online)  
ISSN: 2772-2708 (Print)

## Aims & Scope

Recent Advances in Inflammation & Allergy Drug Discovery publishes full-length/mini-reviews, research articles, letters, case reports, perspectives, systematic reviews and thematic issues on inflammation and allergy research, including new strategies of diagnosis, treatment and prevention of allergic and inflammatory diseases. The journal covers all pharmacological aspects of inflammation and allergy, including mediators of inflammation and allergy, as well as cellular processes and molecular mechanisms involved in inflammation, immune dysfunction and allergies in every area of medicine. Articles on important and recent patents in the field are also included in the journal. The journal is essential reading for all researchers involved in inflammation and allergy drug design and discovery.
