

CURRENT DRUG DELIVERY

Editor-in-Chief
Deng-Guang Yu, China

www.benthamscience.com/journals/cdd

ISSN: 1567-2018 (Print)
ISSN: 1875-5704 (Online)

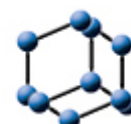

Aims & Scope

Current Drug Delivery aims to publish peer-reviewed articles, research articles, in-depth reviews/mini-reviews, and drug clinical trial studies in the rapidly developing field of drug delivery. Modern drug research aims to build the delivery properties of a drug at the design phase; however, in many cases, this idea cannot be met and the development of delivery systems becomes as important as the development of the drugs themselves.

The journal aims to cover the latest outstanding developments in drug and vaccine delivery employing physical, physico-chemical, and chemical methods.
